

# STUCCO LUSTRO

## Marmorino

STUCCO LUSTRO is a real Italian smooth and shiny marmorino. Composed of very fine filtered aged lime putty and natural components, it is both very easy and very pleasant to apply for very traditional finishes.

### Properties

- Ready to use without any adjunction of water or additives
- Very shiny
- Crack-resistant
- Very breathable
- Self-healing
- Wets and dries out fast
- Naturally mould-resistant
- Time-tested
- 100 % natural and eco-friendly
- Easy to apply directly on lime, lime and cement, gypsum or porous paint
- To be applied in two layers only (wet on wet)

### Consumption

- 2m<sup>2</sup>/kg for finishes

### Components

- Egg, old and filtered lime putty, calcium carbonates, mica, linen oil, cobalt-manganese based siccative, traces of mineral oil, essential oils

### Pigments

- SOCLI's sparkling pigments
- Natural and synthetic pigments

### Contraindications

- Do not dilute with water
- Do not apply on the following substrates: old walls with salt (use first TRADILYS PROTECT) or synthetic substrates
